

# FREE MASONRY WEBINAR

Presented by an Industry Expert & Sponsored by PCMA

## STUDY OF INITIAL COST OF CONSTRUCTION MULTI-RESIDENTIAL STRUCTURES

**THURSDAY - NOV. 29, 2018**

**TIME:** 11:00AM - NOON (Eastern Time)

**LENGTH:** One Hour

**WHO SHOULD ATTEND:**

Engineers, Architects, Building Code Officials, General Contractors, Masons, Masonry Instructors, and Members

**CREDITS:** 1 AIA/CES LU HSW for Architects, 1.0 Learning Unit for Engineers & 1.0 MCAA credit for mason contractors. (Approved Provider PA Department of Labor & Industry for Building Code Officials.)

*Certificates will be supplied via email after completion of the course.*

**COST:** FREE

**PROGRAM DESCRIPTION:** The seminar will address typical construction types commonly used in multi-residential construction and their relative performance initially and over time. An explanation will be made of the construction cost model, which accurately evaluates the relative initial construction cost of a multi-family building using different materials. This new study is based on the 2015 IBC using the balanced design approach. You will receive cost information from December 2016, May 2017 and September 2017 for three cities Edgewater, NJ –Towson, MD – Dallas, TX. We will also have cost information for Pittsburgh, Lehigh Valley, Philadelphia, Baltimore and Washington DC as additional local cities studied to date.

**PRESENTER – Walter G. M. Schneider III, Ph.D., P.E., CBO, MCP, CFO**

### REGISTRATION FORM

**Deadline for registration is  
Tues., Nov. 27, 2018**
